

GOULDSBORO HARBOR COMMITTEE

Minutes of June 19, 2013 meeting

Members present

Brad Vassey, John Chipman, Jason Follettee, Jon Young

Old Business

- ▲ Derelict gear on the beach at Prospect Harbor needs to be removed. We need help from the Harbor Master to dispose of a boat, lobster car and float that have been there too long.
- ▲ Repair work is required at Bunker's Harbor landing. Exposed rebar is hazardous and should be removed.
- ▲ To provide additional parking spaces near the Prospect Harbor pier, the committee recommends that the town-owned building (#183) across the road be demolished and the property converted for parking by boaters.
- ▲ Fiscal year 2013-2014 funding for the South Gouldsboro reserve account was approved at Town Meeting. We suggest the Town Manager notify the DEP of this action.

New Business

- ▲ Jon announced he will retire from the committee at the end of June.

Next Regular Meeting

To be determined

Jon Young, Chair
